Danielle,

My intention is to attend the meeting with you in the morning so we'll see you then.

Jason

Subject: Powder Mill Fish Hatchery Visit

Jason –

I just wanted to let you know that EPA has arranged with Ed Malone to visit the Powder Mill Hatchery tomorrow, May 24, at about 10 am. We will be in the area scouting sampling locations for some ambient monitoring we are planning this summer, and thought it would be a good time to check in and see the hatchery. There will be a couple of individuals from the EPA Laboratory, myself, and another permit writer who is helping me with development of the draft permit. We plan on spending about one hour at the hatchery and expect only to quickly show the EPA staff the raceways (most having never toured a hatchery before), flow pathways, and outfalls. I expect we may schedule a more comprehensive tour of the facility with your staff at some point in the future.

I wanted to make sure you were aware of our visit and look forward to working with you on this permit.

Thanks!

Danielle
